

## Degree and Course Credit Connections

This document maps the connection of starting courses with degree requirements.

WGU single courses provide you the option to start your degree program in a more flexible way, customized to your needs. You can select a single course from a variety of options that align with your interests and academic goals. You complete your chosen course in 2-3 months for just \$99 while getting access to one-on-one coaching, unlimited 24/7 tutoring, progress tracking, and much more—with absolutely no hidden fees.

Your course counts for credit toward one of our many bachelor's degree programs—you can also begin your degree program once you complete your course.

This document provides guidance on the courses available with their matching degrees by school and program.
